D'Addario XT

D'Addario introduces a new string brand: D'Addario XT strings for electric, acoustic, and classical guitar, electric and acoustic bass, mandolin, and banjo.

- Guitar, Bass, Mandolin, Banjo
 - An extended lifespan treatment on *every string* in the set preserves the natural tone and feel of uncoated strings. Strings last at least 4 times longer than traditional uncoated strings without sacrificing the tone or feel that players know and love.
 - NY steel and Fusion Twist technologies deliver unrivaled tuning stability and break resistance. Strings stay in tune 131% better than traditional strings!
- Classical Guitar
 - D'Addario XT classical string sets feature our Pro-Arté Composite Core basses, with an extended lifespan treatment applied to the wrap wire.
 Paired with precisely drawn Pro-Arté trebles, this string set delivers full dynamic response, true intonation, and long-lasting performance.

• Packaging

- External packaging
 - The minimalistic yet bold packaging design creates uncluttered visual space on dealer string walls and delivers a premium consumer experience.
 - Product data vertically oriented along the right edge of the packaging clearly identifies the instrument, string set gauges, wrap wire alloy, key benefits, and the XT product designation.
- Redesigned inner packaging
 - The redesigned, premium inner packaging features a re-sealable zip closure, for ease of opening as well as storage of unused strings.
 - VCI corrosion inhibitor technology embedded in the packaging material protects the strings prior to use, ensuring strings stay as fresh as the day they were made.
 - Inner packaging is marked with a Players Circle code for product identification, registration, and authentication apart from the outer packaging. Players can collect points to get rewarded with free D'Addario product and merchandise.
- Elimination of cardboard packer boxes
 - D'Addario XT string sets will be delivered to dealers as single sets or in *banded* bundles of five.

XT Portfolio by Instrument

*For those of you familiar with our EXP product line, we've included the relative comparison of the old EXP SKU to the new and improved XT SKU.
